

Appendix G:

Commonwealth of Virginia Localities/Regions Developing Hazard Mitigation Plans

Appendix G

Commonwealth of Virginia Localities/Regions Developing Hazard Mitigation Plans

The following list represents the current status of local hazard mitigation planning across the Commonwealth. It is intended as an update for these localities/regions to see where other localities across the Commonwealth are in this process, and to provide contact information for these planning efforts in case one locality wishes to ask questions of another about their methods used in this process.

**** Please join VDEM in congratulating those jurisdictions that have obtained final plan approval from the Federal Emergency Management Agency (FEMA). As is apparent from the following list, the majority of Virginia jurisdictions already possess a FEMA approved and locally adopted Hazard Mitigation Plan. We anticipate that the few remaining plans will obtain final FEMA approval within the next six months.**

Any questions regarding the information provided in this table or about VDEM guidance on the local mitigation planning process should be directed to Deborah Mills, VDEM Hazard Mitigation Program Manager, at 804-897-6500, ext. 6563, or by email at deborah.mills@vdem.virginia.gov.

Locality/Region	Current plan status	Using Consultant or Self-planning?	Current Planning Contacts
LENOWISCO PDC (1)	Approved - Final	Consultant (Dewberry)	Ronald Flanary, rflanary@lenowisco.org , (276) 431-2206, ext. 22 OR Frank Kibler at ext. 14, fkibler@lenowisco.org
Cumberland Plateau PDC (2)	Approved - Final	Consultant (Dewberry)	Jim Baldwin, jimbaldwin@bvunet.net , (276) 889-1778
Mount Rogers PDC (3)	Approved - Final	Staff	Dave Barrett, dabarrett@mrpdc.org James Dillon, jdillon@mrpdc.org , (276) 783-5103
